CHATHAM SKATING CLUB

Revised January 2022

Awards Committee General Policies and Procedures

1. The Awards Committee will be comprised of members from the Board of Directors and Chatham Skating Club Members-at-Large. An attempt should be made to draw from a variety of parents, ideally non-board members from each level. StarSkate coaches are not eligible to be on the awards committee. The Board and Awards Committee Chair will determine the committee. Ideally, there will be 5-9 individuals on the committee. Individuals who volunteer to sit as a member on the Awards Committee are expected to act in an objective and open manner, consider all merits of the skaters nominated, and enter discussions without personal bias or a personal agenda.

The Awards Committee Chair will be chosen by the Board of Directors. The Awards Committee will have their first meeting one month prior to the end of the Winter session.

2. Award winners should be notified four weeks before the annual banquet. The Chatham Skating Club awards banquet should ideally fall around four weeks after the last test day of the Winter session.
3. A history of past award winners will be documented and kept.
4. CSC member skaters competing at the Provincial Championships will receive a bursary of \$50.00 that is presented at the awards banquet. CSC member skaters competing at any National Championships, at any level, will receive a bursary of \$100.00 that is also presented at the awards banquet. These bursaries are dependent on the financial status of the club each season and is, therefore, not guaranteed.

In the case of a pair/dance team, each CSC skater will be acknowledged individually and receive an individual bursary. Out-of-club skaters who are part of a pair in which one skater is a member of the Club will be acknowledged if they attend the awards banquet, but will not receive a bursary.

5. Award nominations will be solicited from the Board as well as CSC coaches. A list of eligible names will be provided for certain awards (Official, Coach, Jane Saville, John McKay). The criteria for the award nominations will be determined by tests passed, competitions attended, volunteer activities, and characteristics of the skater. Nominations must include the skater's name, the award they are being nominated for, and supporting rationale for the choice. Nominations from the floor during the award selection are not allowed.
6. Tests passed and competitions attended between April 1 and March 30 of each season will be eligible for CSC Awards. For example, April 1, 2021-March 30, 2022 will comprise one award year.
7. It is recommended that a CanSkater who wins the CanSkate Champion or Dedication and Perseverance Award is not eligible to win either of these awards again. However, they are still eligible to win the CanSkater of the Year award.

8. The Awards Committee Chair is responsible for obtaining the awards, the engraving, determining where the awards will be housed, and completing the certificates of accomplishment (or delegating these jobs to another person on the committee).
9. It is strongly recommended that each recipient receive only one award each season. Bursary and individual achievement acknowledgements (i.e. tests passed, skating competitions participated in) are not included. Also, not included is the Program Assistant Award as this award reflects a skater's commitment to the CanSkate program, and is not reflective of their individual skating achievements. A skater may win the Program Assistant award and one additional award in a single skating year.
10. If there are no eligible recipients for a particular award that year, the award will not be presented.
11. The Awards Committee will work collaboratively with the Banquet Committee. The banquet program is the responsibility of the Awards Committee.
